

Early Screening Matters

Early Screening Matters is a new developmental screening initiative in Simcoe County.

Early Screening Matters promotes universal monitoring of all children. It encourages regular conversations about a child's development with Ontario Early Years Centre (OEYC) Program Facilitators, Community Action Program for Children (CAP-C) Program Facilitators, Early Childhood Educators, and Health Care Providers.

Early Screening Matters urges parents to keep track of their child's milestones right from infancy. Research tells us that children's experiences during pregnancy and from the day they are born affects how they feel, learn, and make friends.

If you have questions/ concerns about your child's development, speak with one of the above Early Learning Professionals.

Free services are available to support you with your child's development. A screener can help you identify services that may be helpful. The earlier we work together, the better!
