Long-Term Care and Seniors Services Update

Dear Families and Friends,

I hope this letter finds you safe and well as we continue to adapt to the ever-changing world we live in. Over the past few months, COVID-19 case numbers across the province have steadily decreased, allowing the province to gradually ease restrictions. We know that adapting to the lifting of certain precautions can be almost as unsettling as embracing them, and like you, we continue to exercise patience as we cautiously move to the next phase of our recovery plans as noted below.

UPDATED Appointment Booking Process

We are pleased to share that visitors and essential caregivers no longer need to book appointments through the app. Instead, visitors are welcome to attend the home directly when they wish to see their loved one(s).

REMINDER Visitor PPE Requirements

Visitors are still required to undergo active screening and receive a rapid antigen test prior to entry. Masking requirements do continue within our long-term care homes. As today is the first official day of summer, we are pleased to share expanded opportunities to enjoy the outdoors with your loved one. As many families have been asking about enjoying a meal with their loved one, we wanted to share that you can share a meal and/or remove your mask when you are outdoors as long as you remain physically distanced. Unfortunately, dining together inside is still not permitted.

REMINDER Summertime Fun

We are pleased to update that with the lifting of restrictions, our teams are now providing lots of wonderful activities and events to put a smile on your loved one's face. Here are just a few of the upcoming activities. For more information on the summertime events, click the following links.

[Georgian Manor](#)

[Simcoe Manor](#)

[Simcoe Village](#)

[Sunset Manor](#)

[Trillium Manor](#)

Below are a few pics from some of our recent events. Enjoy.

Best wishes for a safe and wonderful summer. As always, should you have any questions, please contact a member of the leadership team from your facility.

Sincerely,

Jane
