

Update 6.0 – July 28, 2022

## COVID-19 Outbreak **Over** on Tamarack Unit

Dear Family and Friends,

Yesterday, the Simcoe Muskoka District Health Unit declared the outbreak on Tamarack unit over! We would like to thank all the staff, residents and families for their continued support to end this outbreak quickly.

Although all residents have been resolved, there is one staff member who is completing their final day of their 10-day quarantine today and will be returning to work tomorrow.

We will remain diligent in our PPE and cleaning practices to help ensure the safety of everyone. We have returned to communal dining, group programming and all other routine practices.

Thank you for your continued support and for following precautions in the home and when out in the community. Your continued efforts helped us to end this outbreak quickly.

Sincerely,

*Jane*
