

Update 1.0 – May 26, 2022

## Enhanced Surveillance on Silver Birch Unit and Sumac

Dear Families and Friends,

Please find an update regarding the COVID-19 situation in our home.

### Silver Birch Unit

Today the Simcoe Muskoka District Health Unit declared the Enhanced Surveillance on the Silver Birch Unit over!

### Sumac Unit

Unfortunately, the Simcoe Muskoka District Health Unit has placed the Sumac Unit under Enhanced Surveillance due to a positive staff member who had worked on the unit during their period of communicability.

Contact tracing has identified three (3) high-risk resident contacts who have been placed in isolation under droplet contact precautions. Surveillance PCR testing will take place on day five (5).

Group programming, communal dining and general visits continue as normal.

Thank you for your continued patience and support! We will keep you updated.

Sincerely,

*Jane*
