Georgian Manor Expansion Project

Dear Georgian Manor residents and families,

It is my pleasure to update you on exciting news regarding the progress of our expansion of an additional sixteen beds at Georgian Manor. Our contractors are currently doing some site preparation to allow for this fantastic project.

Throughout February and March, you may notice some activity as site preparation begins. Fencing and signage installation will occur around the site of the expansion. We have recently been informed by our contractors that some trees will be removed in the coming week to ensure a safe worksite for contractors and allow space for this expansion. Please know that there will be some noise and dust outside of the home as the trees are cut to make way for this construction, expected to begin in early April 2023.

Should you have any questions regarding this exciting project, please contact Sherri Lotton at (705) 549-3166.

This is exciting news as we continue our progress on this significant project. We will keep you updated as we hit key milestones and are planning a town hall meeting in the Spring to share the design, timelines, and specific provisions that will be put in place to ensure safety.

Thank you for your support as we work to improve Long-Term Care and Seniors Services in Penetanguishene and the surrounding area.

Sincerely,

Sherri
