

Did You Know...

- Did you know that you can put paper coffee cups, paper trays, and tea bags in the green bin?
- Did you know that you can put popsicle sticks and waxed paper in the green bin?
- Did you know that you can put coffee filters from the staff room and napkins in the green bin?
- Did you know that wooden stir sticks go in the green bin?
- Did you know that the lids from your coffee cup can go in the blue bin and the cups in the green bin?
- Did you know that Ziploc bags, candy/granola wrappers and cling wrap go in the garbage?
- Did you know a one-metre high stack of recycled newspapers saves a 10-metre high pine tree? That is why it is important to put computer paper and scrap construction paper in the grey box.
- Did you know that the landfill is running out of space? That is why you should use all the different recycling bins – just think when we grow up and become moms and dads our landfill will be filled up. If we recycle now we will have space then. Let's do it for our generation and future ones as well.
- Did you know that making new things out of recycled glass uses 25 less energy? That is why it's important to put glass jars and bottles in the blue bin for recycling.
- Did you know that recycling one aluminum pop can save enough energy to run a TV for three hours? That is why it's important to put all our pop and food cans in the blue bin for recycling.
- Did you know milk cartons and juice boxes go in the blue bin? please remove the straw and straw packaging and place that in the garbage.
- Did you know nails and hair can go in the green bin?
- Did you know plastic lids/ plastic yogurt seals from yogurt go in the garbage?
- Did you know plastic cutlery goes in the garbage?
- Did you know that plastic stir sticks go in the garbage?
- Did you know that five recycled two-litre pop bottles can make one extra-large polyester T-shirt? That is why it's important to put all of our plastic bottles in the blue bin.
- Did you know Kool-Aid jammers go in the garbage?
- Did you know that is ok to leave clips and staples in the paper you recycle

Remember when we use the green bin, we all win!
