Mr. Greg Rogers		November 27, 2015				e-mail sent from website	e-mail sent from SWM December 7, 2015	Please reconsider your location for the organics processing facility. If you're not a skier or mountain biker you may not understand the importance of the Hardwood Hills facility. It is one of the few places with skate ski trails in Southern Ontario, drawing people from the GTA. Many school boards also hold their races there. Please support them so that we can continue to use this excellent facility in peace.	recreational use	although submitted after comments were sent to GHD for review for Part 3 siting report, similar comments were considered in the evaluation of short-listed sites - see evaluation of C223
